**Neighborhood Project Notice and Informational Meeting for the
Proposed 2018 Roadway Rehabilitation Project**

**Tuesday, Aug. 22
6-7 p.m.**

**Central Park – Valley Creek Banquet Room (lower level)
8595 Central Park Place
Woodbury, MN 55125**

Aug. 11, 2017

Dear Property Owner:

A meeting will be held Tuesday, Aug. 22, from 6 to 7 p.m. in the Valley Creek Banquet Room at Central Park to provide information regarding the project schedule and potential scope of work. We also will be collecting input from residents regarding the proposed 2018 Roadway Rehabilitation Project.

In accordance with the City of Woodbury's 2018-2022 Capital Improvement Plan, the attached map indicates the locations of streets proposed for improvements in 2018. According to city policy, if these projects are constructed, properties with access to and/or adjoining the improvement area will be assessed for a portion of the project costs.

The city's consulting engineer, Bolton & Menk Inc., along with the Woodbury Public Works Division, will be in the neighborhood over the next few months to complete surveys of the existing infrastructure. These surveys will be used to determine the scope and extent of the street and utility improvements.

The engineer's recommendations will be presented in October to City Council in a preliminary engineering report. Following the preparation of the preliminary report, an additional neighborhood meeting will be held prior to the public hearing, which will be held at a City Council meeting.

Updated information will be provided on the city's website at woodburymn.gov/RoadRehab2018 as it becomes available. Please contact me if you have any questions at (651) 714-3593.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tony Kutzke", is written over a horizontal line.

Tony Kutzke, P.E.
Principal Engineer
