**Minnesota Esports Club (MEC)**

Woodbury is partnering up with Minnesota Esports Club (MEC) to offer Esports to Woodbury residents! Minnesota Esports Club is a nonprofit organization that is committed to the support, development and growth of youth and young adults through electronic sports organization, development, competition, media production, and fundraising.

For $150 every MEC member receives:
- Team formation for middle/high school competitions
- Player & Caster development and coaching
- Media production and casting opportunities
- College Scholarship Opportunities
- Access to club facility in Plymouth
- Free Entry into all MEC events

MEC membership and competition is structured into four seasons, following the high school sports seasons, for year-round action. All single-player sports participants are accepted. For team sports, we have tryouts and place participants on teams based on esport, skill level and location/school district.

Players and teams have regular practices 2-4 times per week and competitions typically weekly once the season begins. In addition, we are adding scrimmages and matches against other school and club teams rapidly as esports continue to grow.

Winter and Summer feature open tournaments and offer opportunities for combined elite teams. Fall and Spring are usually school or location-based teams.

Matches may be remote, with players competing from their home, local, with players meeting at a local school or facility, or away, requiring transportation to another location.

MEC participants actively compete in and host a plethora of tournaments. More often than not those tournaments are provided by the High School Esports League, and the Minnesota Varsity league.

Visit minnesotasports.org for more information or to register.

Youth Tennis

10 and Under Tennis is taking the nation by storm as it is designed and structured for players of any age to learn, rally and play tennis quickly in a way that is both enjoyable and rewarding. With 10 and Under Tennis, the game is scaled down to the age and size of the player by utilizing smaller racquets, slower and lighter balls, shorter court dimensions, smaller nets and modified scoring. You do not see kids playing soccer or baseball with adult-sized equipment on regulation size fields, and now the same can be said for tennis! With 10 and Under Tennis, kids are having success and enjoying the game right away as the sport is modified to their size and ability. Kids will be wanting to come back for more and developing a passion for this lifetime sport!

Using specially designed practice plans from the United States Tennis Association (USTA), players will develop the skills needed to play and succeed at tennis through a series of fun and engaging games and activities. All Little Shots and Big Shots classes will use the 10 and Under Tennis equipment and format. All lessons meet two times a week for three weeks, except Saturday lessons. Little and Big Shots classes are 45-minutes, all others are 60-minutes. For all levels, the age listed is a guideline; however students can register for classes based on skill level or previous level completed.

Tennis Rainout Policy

Tennis courts become slippery when wet. If it is raining a half hour before class and there is standing water on the court, you can expect that class will be cancelled. If conditions are questionable, the best bet is to show up for your regularly scheduled start time. You will not receive a call from the instructor prior to cancellation due to weather conditions. If class is cancelled due to weather, for all weekday classes, a makeup will be held on Friday and you will be notified by the instructor at the next scheduled class or you will receive a call or e-mail about the makeup date. Saturday classes are made up at the discretion of staff, usually they add on an additional Saturday.

*Note that classes will not be held July 2-5.

- Class times are subject to change, depending on scheduling. Each participant will be notified in advance of any changes.
- All skaters should pick up their nametag as they enter the arena. Your class time, instructor and class level are on the tag. The instructor and student will have the same color nametag.

Tiny Tot Triathlon

A triathlon set up just for the youngest triathletes! Participants will bike, run and splash their way to the finish line where they will receive a sticker medal presented to them by a firefighter or police officer! Little athletes will bike on their own self-pushed riding item on a path; run down a length of path; splash into the splash pad; and end with a dash to the finish line. Plus, before or after the race, they’ll have a chance to create a medal craft and grab a snack and water.

A family member or friend over the age of 12 must assist (run/walk next to) their registered participant(s) as they make their way through the course. Participants need to bring their own bike and wear a helmet and comfortable clothes that can get wet and athletic shoes.

Please note: the splash pad at M Health Fairview Sports Center will be reserved for this event from 9-11 a.m. on Saturday, Aug. 6. Recommended ages 2-5
