

# Swimming Pool Fencing Agreement

- All private swimming pools shall be completely surrounded by a fence or wall not less than 4 feet in height, which shall be so constructed as not to have openings, holes or gaps larger than 4 inches in either vertical or horizontal direction, except for doors and gates. The fence shall be of a type not readily climbed by children. A dwelling or accessory building may be used as part of such enclosure. An above-ground pool with a wall greater than 4 feet in height does not require a fence if the wall cannot be readily climbed by children.
- All gates or doors that are part of a swimming pool enclosure shall be equipped with a self-closing and self-latching device for keeping the gate(s) or door(s) securely closed at all times when not in actual use, and be provided with hardware for permanent locking devices except that the door(s) of any dwelling which forms a part of the enclosure need not be so equipped. Pool gates shall be locked when the pool is not in use.
- When it is necessary to fill the pool prior to the installation of the required fencing, a temporary fence, such as snow fence, shall be installed in a substantial manner with approval of the Building Official. The maximum time allowed for a temporary fence shall be 30 days.
- Fences must comply with the city's fence ordinance, Chapter 6, Article IV.
- Original Notarized Fence Agreement needs to be submitted to city, via mail or in person.

I, \_\_\_\_\_, hereby acknowledge that I have read, and agree to comply with the fencing standards listed. I understand that a pool cover is not acceptable in lieu of a fence. I agree to call for an inspection once the swimming pool is filled with water.

I understand that failure to comply with the aforementioned standards shall be grounds for the issuance of an administrative citation. I also understand that continued non-compliance may result in the issuance of a court citation.
