

2020 Roadway Rehabilitation Project

Phase 1 Utility Notice

April 15, 2020

Construction Starts May 4	Duration 2 Week	Description of Work Utility Work
--	----------------------------------	---

Summary

As part of this project the contractor will be replacing some utility structures and pipe. This work occurs prior to the start of street work in each phase. You are receiving this notice because one of the structures or pipes to be replaced is located adjacent to your property.

Construction timeline *(subject to change)*

- May 4** - Utility work will begin and last approximately 2 weeks in total. 1-2 days per each specific location. Work will occur between the hours of 7:00AM and 7:00PM.

Disturbance

Disturbance from removal of existing structures and pipe will impact an area approximately 12' around the structure or pipe to be replaced. **Estimated disturbance limits will be marked in the field.** All excavations will be filled at the end of each day. If you have additional questions on impacts to your address, please call the Hotline number listed below.

- Three one-day road closures are anticipated, one on Aldrich Trail and two on Horseshoe Lane between Horseshoe Road and Timberwood Road. There will be signs placed on the areas being closed two days in advance of when they will start in these areas.

Protecting your sprinkler systems, invisible fence, and landscaping

If you wish to protect your private features from damage during construction, please temporarily remove them from the disturbance area that will be impacted by construction (noted above). Sprinkler heads can be disconnected and the hose can be dug up and pulled back to avoid damage.

Any damage to private features in the right of way will not be repaired, replaced, or altered by the city or the contractor.
