

# 2018 Roadway Rehabilitation Project Eagle Valley Structure Replacement Notice

August 2, 2018

**Hotline**  
(612) 430-2805

**Project Email**  
woodbury2018rehab@bolton-menk.com

**InTouch Email Updates**  
Every Week

As part of the Roadway Rehabilitation Project the Contractor will be repairing and replacing miscellaneous storm sewer structures and pipe. This work typically occurs prior to street work. You are receiving this notice because one of the structures to be repaired or replaced is located adjacent to your property.

## Structure Repair and Replacements

- All repairs and replacements are scheduled to occur the week of **August 13**.
- All excavations will be finished at the end of the day.
- Work will occur between the hours of 7:00am and 7:00pm.
- The contractor will install gravel as a driving surface, and boulevard grading will remain 6" low to allow for topsoil and final restoration.

## Irrigation Systems, Invisible Fence, & Landscaping

- Repair or replacement of the storm sewer structure will disturb approximately **6'-12'** behind the curb and around the structures. White paint marks in the boulevard show the approximate extents of excavation. The contractor may need to go beyond these marks depending on the soil conditions and installation issues the contractor runs into.
- To protect your private features (irrigation lines and heads, underground dog fences, landscaping, etc.) from the construction, please temporarily remove them from the City owned Right of Way by the storm sewer structure.
- No guarantee can be made regarding the contractor avoiding damage to private features and leaving private features within the right of way is at your own risk. ***Any damage to private features in the right of way will not be repaired, replaced, or altered by the city or the contractor.***
- Private features may be reinstalled once the curb is installed and before restoration occurs. There will be a two-week window to install these systems. Please place a flag by reinstalled irrigation heads so the contractor can work around them.
- If you have any questions regarding the potential disturbance to your yard, please contact the project hotline to meet with field staff.

## Stay Informed

If you have any questions or concerns, please contact the project hotline or project email. Weekly InTouch email updates will be sent with project updates. You can sign up for InTouch updates by visiting the city's website at [www.woodburymn.gov/InTouch](http://www.woodburymn.gov/InTouch) and selecting Roadway Rehab 2018.
